

Exam	Final Internal Examination 2025 Fall		
Level	B.E.	F.M.	100
Program	BSE/CE	PM	45
Year/Part	VIII	Time	3 Hrs

Subject: Entrepreneurship and Professional Practice

Candidates are required to give answers in their own words as far as practicable.
The figure in the margin indicates full marks. Assume suitable data if necessary.
Attempt all the questions.

- 1 a Explain the structure of the Business Model Canvas and how it helps in visualizing a business strategy. Use examples to illustrate each of the nine building blocks. (7)
- 1 b Explain the key challenges and barriers faced by digital startups in Nepal, as outlined in the entrepreneurship ecosystem analysis. Suggest strategies to overcome them. (8)
- 2 a Describe the key differences between the Business Model Canvas and the Lean Canvas. In which situations would you recommend using each? (7)
- 2 b Discuss the concept of "Minimum Viable Product (MVP)" and explain how it helps entrepreneurs validate their value proposition with minimal resources. Provide a real-world example. (8)
- 3 a Discuss the role of emerging technologies (AI, IoT, blockchain, etc.) in shaping global and local startup trends. Provide examples of Nepali startups leveraging these technologies. (7)
- 3 b What are the core responsibilities of a professional according to professional ethics? Explain with examples how these responsibilities apply in the field of engineering or IT. (8)
- 4 a Discuss the various sources of competitive advantage for a startup. Which of these do you think is most sustainable in the Nepali market, and why? (7)
- 4 b Explain the importance of market validation for startups, using the case study of Morphology Games to illustrate your answer. (8)
- 5 a Describe the steps involved in developing a Go-To-Market (GTM) strategy for a startup. Include pricing, distribution, promotion, and customer acquisition methods. (7)
- 5 b Describe the three types of competitors a startup may face: direct, indirect, and substitute. Provide an example for each in the context of a food delivery startup in Nepal. (8)
- 6 a Using the Morphology Games case study, analyze how Kate Ryan Reiling validated her business idea. What steps did she take, and why is this process critical for startup success? (7)
- 6 b What are TAM, SAM, and SOM? Explain how a startup can calculate each and why these metrics are important for investor communication. (8)

OR

Compare and contrast the Business Model Canvas, Value Proposition Canvas, and Lean Canvas in terms of their focus, structure, and ideal use cases. Provide a scenario where each would be most useful.

7 Write Short notes on any two (5x2 = 10)

ACM Code of Ethics

Corporate Social Responsibility (CSR)
